To**The Principal****SBPCOE, Indapur.**

Subject: Report of **“Lecture on Personality Development.”** for TE/BE Computer students on 09/01/2026 .

Respected Sir,

With reference to above mentioned subject the **“Lecture on Personality Development.”** was organized for TE/BE Computer Engineering students on 26/7/2025 by Mr. Kiran Jadhav (From JAVA by Kiran)

We got a huge response from student participants and the event was concluded with grand success.

This lecture has provided a platform to all students to get new concepts related to the personality Development. Students have also got interacted with the speaker for their queries and gave huge response for this lecture.

The lecture was successfully conducted and completed following objectives

1. Introduction to improve personal & professional skills.
2. How to develop leadership ability/increase self-confidence.
3. Technical skills & soft skills.
4. To create awareness about personality development among the students.

To make this lecture successful, Participants from TE/BE Computer have been actively participated and communicated with the speaker for their queries. As the coordinator of this event I would like to thank our Management, Principal and Our Team Members for their support and continuous encouragement to organize this event.

Subject: Permission about 3 days workshop on “Software Testing” dated **16/03/2026 to 18/03/2026**

Respected Sir,

As per above mentioned subject we are planning to organize workshop on Software Testing for TE Computer students event dated on 11/09/2025 to 13/09/2025.

The Objective of this workshop is

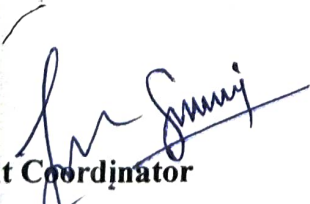

- To get familiar with technical problems faced by Software testers in industries.
- To get idea of different scenario in industries.

The Outcomes of this workshop will be

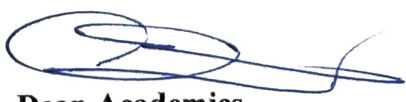

- They will upgrade their knowledge and confidence.
- They will get idea about how to deliver projects to the clients.

So we kindly request you to grant us the permission for the same.

Subject: Report of Workshop "Software Testing" conducted by Mr. Ganesh Shinde for TE Computer Engineering Students.

Respected Sir,

With reference to above mentioned subject the "Software Testing" for TE Computer Engineering Students organized on **16/03/2026 to 18/03/2026**. We get huge response from student participants and the workshop was conducted with grand success.

This workshop has provided a platform to all students to get new concepts related software testing. Students have also got interacted with the speaker for their queries and gave huge response for this lecture.

This lecture was successfully conducted and completed following objectives

1. What is Software Testing?
2. What is life cycle of Software Testing?
3. What is Functional, Non - functional, Usability testing, Black box and white box testing?
4. Agile Model, Postman Tool.
5. Understand the Software Testing Life Cycle (STLC) and Bug Life Cycle.
6. Identify, report, and track software defects effectively.

To make this workshop successful, participants from TE Computer Engineering have been actively participated and communicated with speaker for the queries. As the coordinator of this event I would like to thank our Management, Principal, Head Of the Department, Academic Dean and team members for their support and continuous encouragement to organize this workshop.

SBPCOE, Indapur.

Subject: Request for permission to organize **Guest Lecture on AI** dated 6/2/2026.

Respected Sir,

Department of Computer Engineering would like to organize **Guest Lecture on AI** dated 6/2/2026.

The objective of this Lecture is:

- To provide students and faculty with insights into the latest developments and applications of Artificial Intelligence.
- To enhance understanding of AI concepts, techniques, and real-world industrial applications.
- To bridge the gap between academic learning and industry practices through expert guidance.
- To create awareness about emerging trends in AI, Machine Learning, Deep Learning, and intelligent systems.
- To motivate students to pursue research, innovation, and career opportunities in AI-related fields.
- To encourage interdisciplinary thinking and problem-solving using AI technologies.
- To facilitate interaction with experts and professionals working in the field of Artificial Intelligence.

Subject: Report of Guest Lecture on AI dated 6/02/2026

Respected Sir,

With reference to above mentioned subject the **"Guest Lecture on AI"** was organized for Computer Engineering students on 6/02/2026. We got a huge response from participants and the event was concluded with grand success.

This Lecture covered various aspects related AI Tools to all students. Participants have also got interacted with the speaker for their queries and gave huge response for this lecture. The lecture was successfully conducted and completed following objectives:

Workshop Objectives:

- To provide students and faculty with insights into the latest developments and applications of Artificial Intelligence.
- To enhance understanding of AI concepts, techniques, and real-world industrial applications.
- To bridge the gap between academic learning and industry practices through expert guidance.
- To create awareness about emerging trends in AI, Machine Learning, Deep Learning, and intelligent systems.
- To motivate students to pursue research, innovation, and career opportunities in AI-related fields.
- To encourage interdisciplinary thinking and problem-solving using AI technologies.
- To facilitate interaction with experts and professionals working in the field of Artificial Intelligence.

Summary of Lecture:

The guest lecture on Artificial Intelligence provided participants with a comprehensive overview of AI fundamentals, recent advancements, and real-world applications across various sectors such as healthcare, education, manufacturing, finance, and robotics. The speaker discussed key concepts including Machine Learning, Deep Learning, Natural Language Processing, and Computer Vision, highlighting how these technologies are transforming industries and solving complex problems.

The lecture also emphasized the importance of data, algorithms, and ethical considerations in AI development. Emerging trends such as Generative AI, autonomous systems, and intelligent decision-making were explored, along with the challenges and opportunities associated with AI adoption. Through practical examples and case studies, participants gained valuable insights into current industry practices, research directions, and career prospects in the field of Artificial Intelligence.

The session concluded with an interactive question-and-answer segment, enabling participants to clarify concepts and engage directly with the expert. Overall, the lecture enhanced awareness of AI technologies and inspired attendees to explore further learning, research, and innovation in this rapidly evolving domain.

Outcome of the Workshop:

- Participants gained a clear understanding of the fundamental concepts and principles of Artificial Intelligence.
- Students became familiar with current trends and emerging technologies in AI, Machine Learning, and Deep Learning.
- Attendees learned about real-world applications of AI across various industries and domains.
- The lecture enhanced awareness of career opportunities, higher studies, and research prospects in the field of AI.
- Participants developed an understanding of the challenges, ethical considerations, and future scope of AI technologies.
- The session motivated students to explore AI-based projects, innovation, and interdisciplinary research.
- Interaction with the expert helped participants bridge the gap between theoretical knowledge and practical implementation of AI solutions.

To make this Lecture successful, Participants from SE/TE Computer have been actively participated and communicated with the speaker for their queries. As the coordinator of this event we would like to thank our Management, Principal and Our Team Members for their support and continuous encouragement to organize this event.

Sub.: Permission for a Guest Lecture on "Natural Language Processing (NLP)" dated 28/02/2026.

Respected Sir,

As per the above-mentioned subject, the Department of computer engineering planning to organize workshop on **Natural Language Processing (NLP)** on 28/02/2026. The objective of this Guest Lecture is to bridge the gap between academic theory and real-world AI by teaching students how computers process human language. To provide a clear roadmap from traditional text processing to modern Large Language Models (LLMs), inspiring students to build or research future NLP applications.

So, we kindly request you to grant us permission for the same.

Thanking you,

Subject: Report of Guest Lecture on "Natural Language Processing (NLP)" for Computer Engineering Department on 28/02/2026

Respected Sir,

With reference to the above-mentioned subject, a guest lecture on "Natural Language Processing (NLP)" was organised for Computer Engineering students on 28/02/2026. The session was delivered by our esteemed guest speaker, Mr. Ajit Shinde. We received an overwhelming response from the participants, and the event concluded with grand success.

The session covered various core aspects of NLP, including text preprocessing, feature extraction, and the mechanics of modern Large Language Models (LLMs) using Python. The participants actively interacted with Mr. Ajit Shinde during the Q&A session, demonstrating immense enthusiasm and capturing key insights into the future of artificial intelligence.

The Guest Lecture was successfully conducted and completed following objectives:

Guest Lecture Objectives:

The guest lecture was highly interactive and successfully met its objectives. The students actively participated and demonstrated a keen interest in learning about Natural Language Processing and its modern AI applications. We extend our gratitude to the faculty, guest speaker, and organizers for their support in making this event a success.

Following topics were covered in the guest lecture:

- **Introduction to NLP:** Overview of Natural Language Processing and its challenges, including linguistic ambiguity and context.
- **Text Preprocessing Pipeline:** Hands-on understanding of Tokenization, Stop-word removal, Stemming, and Lemmatization using Python.
- **Feature Extraction Techniques:** Converting text into mathematical data using Bag of Words (BoW) and TF-IDF.
- **Word Embeddings:** Understanding semantic relationships through vector math (e.g., Word2Vec).

- **The Modern Era of AI:** Introduction to the Transformer architecture, the Attention mechanism, and Large Language Models (LLMs).
- **Real-World Case Studies:** Applications of NLP in Sentiment Analysis, Chatbots, and Machine Translation.
- **Interactive Q&A Session:** Direct engagement and feedback collection from the participants.

Outcome of the Guest Lecture:

- Students gained exposure to real-world text datasets and analytical NLP pipelines.
- Enhanced understanding of the transition from traditional text processing to modern generative AI and LLMs.
- Improved clarity on how to leverage Python libraries for building computational linguistics applications.
- Highly positive feedback from both students and faculty, with strong requests for future, hands-on advanced workshops on deep learning for NLP.

To make this event successful, participants from **BE Computer Engineering** actively participated and communicated with the speaker to resolve their queries. As the coordinator of this event, I would like to thank our Management, Principal, and our Team Members for their support and continuous encouragement to organize this event.

16	Chavan Pruthviraj	
17	Chavan Sayali S.	S.S. Chavan
18	Chopade Rohan.	Rohande.
19	Choudhari Aditya	A.S. Chaudhari
20	Deshmukh Abhijeet Mahesh	
21	Deshmukh Mayan	
22		
23	Dhandore Sakshi S.	
24	Dupargude Suraj U.	S.U. Dupargude
25	Gavali bhagyashri	Gavali B.
26	Gavane Ashish Sadashiv	
27	Ghadge Payal.	Payal.
28	Gore Sonia.	Sonia.
29	Harde Siddhi P.	Siddhi.
30	Hol vasudha Raykumar.	
31	Hole Balaji	Hole B.

32	Jadhav Rohan Balasa	Rohani
33	Jadhav Sakshi M	Jadhav.
34	Jadhav Saurabh R.	Jashu
35	Jadhav Shrutika.	Jadhav.
36	Jagtap Gaurav	Gaurav.
37	Preona. Jagtap.	Preona.
38		
39	Kale Shubhanga.	Shubhanga.
40	Kambale Neha	Neha.
41		
42	Khare Tushar Laxman	Tushar
43	Kasar Omkar R.	Omkar.
44	Katkar Yashree	Yashu
45		
46		
47	Khaize Sneha	Sneha
48	Khamgal Priyanka.	Priyanka.
49	Khasad Nikita Ashok	Nikita.
50	Khedkar Om Avinash	Om.
51	Kiradkar Prihi Santosh	Prihi S.K.
52	Konde Pranjali	Konde.
53	Konde Pranita.	Pranita.
54	Korabu Hajiradi	Korabu.
55	Kshirsagar Sadiyha.	Sadiyha.
56	Kumarni Soniya	Soniya.
57	Kulkarni Vaman Ganesh	Vamank.
58	Lamkhane Smarth	Smarth.
59	Landage Om	Om.
60	Lanke Sakshi Ramdas	Sakshi.
61		
62	Madane Snehal	Madane.
63		
64	Magar Vishal	Vishal.
65	Magar Shubhangi	Shubhangi.
66	Mahajan Varad Nagesh	Varad.
67		
68	Mohite Jay R	Mohite.
69	Mohite Poojika	Poojika.
70	Mokashi Shivprasad Nandkumar	Shivprasad.
