Mr. Krishnan Lyer gives very valuable information about Mutual funds it will pool money from multiple investors to invest in diversified portfolios of stocks, bonds, or other securities & its types, Lower minimum investment amounts make mutual funds accessible to more women, Reduces risk by spreading investments across various assets, and managers handle investments, allowing women to benefit from expert insights without needing extensive knowledge, Investments can grow over time, allowing for significant wealth accumulation, Suitable for long-term financial goals like retirement, education, or buying a home. Engaging with mutual funds can enhance financial literacy, helping women make informed decisions about their finances.
