DEPARTMENT OF COMPUTER ENGINEERING

## Expected Outcomes

- To understand the working of software development companies and IT infrastructure.
- To gain exposure to software development processes used in industry.
- To observe networking infrastructure and cybersecurity practices.
- To study cloud-based and AI-driven applications in IT projects.
- To bridge the gap between theoretical knowledge and practical implementation.

## Aim of Industrial visit

- It lets students know things practically through interaction & working method.
- To provide an exposure to students about practical working environment.
- To get a good opportunity to get full awareness about industrial practise.
- To raise the awareness about new technologies.
- After visiting an industry students can gain a combined knowledge about both theory and practical.
- Students will be more concerned about earning a job after an Industrial Visit.

**No. of Students: 67**

**DEPARTMENT OF COMPUTER ENGINEERING**

17th September, 2025

As per the decided date all the SY students and the faculty were gathered in the college, attendance of all students was taken by the HOD of computer department Prof. T. V. Deokar. Then, we visited the BIT Infotech Pvt. Ltd., Pune.

BIT Infotech is a reputed company established in Pune. The company works on software development, cloud computing, artificial intelligence, and cybersecurity solutions. Various demonstrations were provided such as web application development, cloud deployment, AI-based data analysis, and networking security measures.

The visit helped students understand integration of software systems and gain practical knowledge which supports their theoretical studies.

Thanking You.

Yours faithfully,

SHAHAJIRAO PATIL VIKAS PRATISHTHAN
