

SHAHAJIRAO PATIL VIKAS PRATISHTHAN'S

**S. B. PATIL COLLEGE OF ENGINEERING (Diploma), INDAPUR, DIST: PUNE**

ACA – R - 49	<b>Technical event Report</b>  <b>(Poster Presentation)</b>	Academic Year: 2025-26
Rev : 01		Semester: III

**Event Title: Poster Presentation – Computer Engineering Innovations**

**Organized by: S.B. Patil College of Engineering (Diploma), Indapur**

**Department: Computer Engineering**

**Date: 22nd August 2025**

**Location: S.B. Patil College of Engineering, Indapur**

**Total Participants: 83 students**

**Evaluators: Dr. M.V. Gaikwad and Prof. G.R. Padule**

### **1. Introduction**

On 22nd August 2025, the Computer Engineering Department of S.B. Patil College of Engineering (Diploma), Indapur, organized a Poster Presentation event to showcase innovative ideas and research in Computer engineering. The event provided a platform for students to present their projects visually, fostering creativity and enhancing communication skills.

### **2. Objectives**

- **Showcase Student Innovation:** To provide students with an opportunity to present their innovative ideas and projects in Computer engineering.
- **Enhance Communication Skills:** To develop students' ability to communicate complex engineering concepts effectively through visual aids.
- **Encourage Research and Development:** To promote research and development among students by encouraging them to explore new ideas and solutions in Computer engineering.

### **3. Event Highlights**

- **Diverse Topics:** The posters covered a wide range of topics, including sustainable construction practices, innovative materials, structural analysis, and environmental engineering solutions.
- **Interactive Presentations:** Students engaged with the audience, explaining their projects and answering questions, which facilitated meaningful discussions and feedback.

#### 4. Evaluators' Role

The event was evaluated by Dr. M.V. Gaikwad and Prof. G.R. Padule, who assessed the posters based on criteria such as:

- **Innovative Approach:** Originality and creativity in addressing engineering challenges.
- **Technical Accuracy:** Correctness and feasibility of the proposed solutions.
- **Presentation Skills:** Clarity and effectiveness in communicating ideas.
- **Visual Appeal:** Aesthetic quality and organization of the poster.

Their expertise and feedback were invaluable in recognizing outstanding projects and providing constructive suggestions for improvement.

#### 5. Conclusion

The Poster Presentation event successfully showcased the innovative spirit and technical prowess of the students. It provided a platform for them to express their ideas, receive feedback, and engage in discussions that enhanced their learning experience. The Computer Engineering Department remains committed to fostering creativity and innovation among its students, preparing them for the challenges of the future.
